To

The Secretary to Government,
Law Department, Bangalore

Report on the working of the Tumkur Water Supply works transferred under the control of the Bureau of Sanitary Engineering

Sir,

With reference to your letter No L 810/Ml 73-42-1 dated 22nd July 1942 on the above subject, particularly in regard to the continuance of the services of the Water works Inspector, I have the honour to enclose herewith a copy of letter No 237 dated 24th August 1942 of the Sanitary Engineer detailing the duties of the Water Inspector and pointing that the services of one wholetime Water Inspector is necessary for the Tumkur Water Works The Sanitary Engineer has not furnished any report on the working of the water works and he has this day been requested to send the same It will be sent to Government as soon as it is received from him

As regards the continuance of the Water Works Inspector I am of the opinion that as his services are necessary the post may be continued as a permanent measure

I have the honour to be,

Sir,

Your most obedient servant,

KAJ

Director of Public Health

Letter No 237 dated 24th August 1942 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public H ealth in Mysore

---

Subject - Service of water inspector or a Suboverseer for Tumkur fo n Water Supply sanctioned in Government order No 7070-2/Ml 156-28-5 dated 10th February 1940

With reference to your letter No C 140-58 dated 24th July 1942, forwarding copy of letter No L 810/ Ml 73-42-1 dated 22nd July 1942 of the Secret ry to Government, Law Department, Bangalore, regarding the above and requesting me to forward a report on the work of the arrangement particularly in regard to the continuance of the service of the Water Inspector, (or a Sub overseer) the salary being met out of water supply annual maintenance grants of the town water sup,ly etc , I have the honour to note down below the duties of the Water Inspector

1 He is in charge of five pump houses in the town proper viz , Somankatte, Jail Extension, Emmekere, Dobb's Bungalow and the pump house at the Mydala tank, the source of water supply He has also to maintain the log books of daily water supply consumption of the town

2 In addition, he has to supervise the filter beds of Tumkur Water Works and see to the issue of alum and maintain the records of receipts of alum and issues etc ,

3 He has to now and then inspect the 9" C I main line from Mydala tank to the filter beds a distance of seven and a half miles

4 House connections in the town and public fountains and complaints of scarcity of water supply etc , will all have to be attended to

5 He has to supervise and execute the works connected with the annual maintenance of Tumkuf Water Supply Works

6 He has to prepare all estimates and plans relating to the maintenance of Tumkur Water Works

From the above, it is seen that the service of one whole-time water inspector is necessary for Tumkur Water Supply I t erefore request that the post sanctioned by Government at the time of taking over the man gement of the water works, may kindly be continued as a permanent measure in the interest of efficient maintenance of the Tumkur Water Supply
